NEXT LEGISLATURE TO HEAR FROM WOMEN

INDIANAPOLIS, Nov. 19.—That the 1915 session of the Indiana general assembly will hear more from the women of the state than any similar body has heretofore experienced has already become apparent.

The result of the popular vote on the question of calling a constitutional convention, through which the Sur-

fragist league of Indiana had hoped to gain the ballot for women, had scarcely been announced when the executive committee of that association called a meeting to begin the preparation of plans for the training of their big runs on the state legislature in the interest of their "cause."

Another movement in which the influence is for the abolishment of the death penalty in any form for the crime of murder. This problem has confronted every legislature for many years. The last legislature changed the mode of execution from hanging to electrocution and several successful executions have been carried out by the latter method since the comparatively new electric chair was in-

GIRLS! CLEAN AND BEAUTIFY HAIR NO DANDRUFF--25 CENT DANDERINE

Stop Washing Hair! Try This!
Makes Hair Glossy, Soft
and Abundant.

Surely try a "Danderine Hair Cleanse" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will just get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter and try it as directed. Advt.

stalled at Michigan City penitentiary. Sen. Chester A. McCormick of North Judson, representing Starke, White and Pulaski counties, announced today that he will introduce a new anti-capital punishment bill at the coming session. He has already received assurances of support from members of both the upper and lower branches of the general assembly, and in addition will have the cooperation of Gus Condo of Marion, who has worked for several years to go away with executions in Indiana.

Sen. McCormick declared that his investigations prove that capital punishment as a deterrent to crime has proved a futility. He has gathered facts from nearly every state in the Union to bear out his contention that crime is not lessened by the death penalty.

Plans for a systematic campaign throughout Indiana to create sentiment favorable to Mr. McCormick's proposed measure have been prepared and when the legislature convenes it will be confronted by a formidable lobby influence against capital punishment.

HICKEY WILL RUN AGAIN

Man Defeated by Barnhart to Be Candidate in 1916.

LAPORTE, Ind., Nov. 10.—It is the understanding here that Andrew J. Hickey of this city, Congressman Barnhart's opponent in the recent election, will be a candidate for the nomination in 1916. The movement for his re-nomination is said to have already been launched. The Republican club, organized early in the campaign, is to be made a permanent institution, and a meeting will be held in a few days to outline a permanent plan of organization. Mr. Barnhart's friends here expect him to be a candidate for the democratic nomination for governor two years hence.

KOKOMO.—Mrs. Fred Lee, who swallowed carboic acid in an attempt to end her life because she was dependent over the disappearance of her husband, will recover.

PARTED FOR 14 YEARS

Father and Daughter Reunited After Long Search.

KALAMAZOO, Mich., Nov. 10.—A 14-year search, conducted by Mrs. H. D. Howland of Baltimore for her father, Emil Krause, has just come to an end. Through the efforts of Sheriff Ralph Chapman, father and daughter will be reunited. Krause left the east in search of work. In some way the father lost the address of his daughter and the daughter lost the address of her father. Although both have made an effort to find the other, it was not until the daughter appealed to the sheriff to find her father, whom she believed to be working near the city, that he was found. Mr. Krause will leave for Baltimore at once.

The woman was removed to the hospital and the money was placed to her credit in a local bank.

CASCARETS FOR COSTIVE BOWELS, SOUR STOMACH, COLD OR HEADACHE

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means your stomach is sour—your liver is torpid—your bowels constipated. It isn't your stomach's fault—it isn't indigestion—it's biliousness and constipation. Try Cascarets; they sweeten the stomach, remove the sour, fermenting food and foul gases; take bile from the liver and carry off the constipated waste matter from the bowels. Then your stomach trouble, headache, bad cold and all such misery ends. Advt.
